## DAYS OF EQUINOX

Mike Cain, Captain of the Entre Nous promised that there would be no snow during the "Days of Equinox" in Boston. This had us worried as no mention was made of tidal waves or earthquakes! Alas, we gave him too much credit -- weather wise! What Entre Nous gave us was a fantastic and "warm" reception, interspersed with "hot" flashes!

Friday night registration took place at Mario's Bar where the Canadian hot fronts met (with little resistance) the high and low elements of the United States. Later that night (and again on Saturday night) the representatives of these two great nations retired to BBC headquarters for after hours high-level conferences!

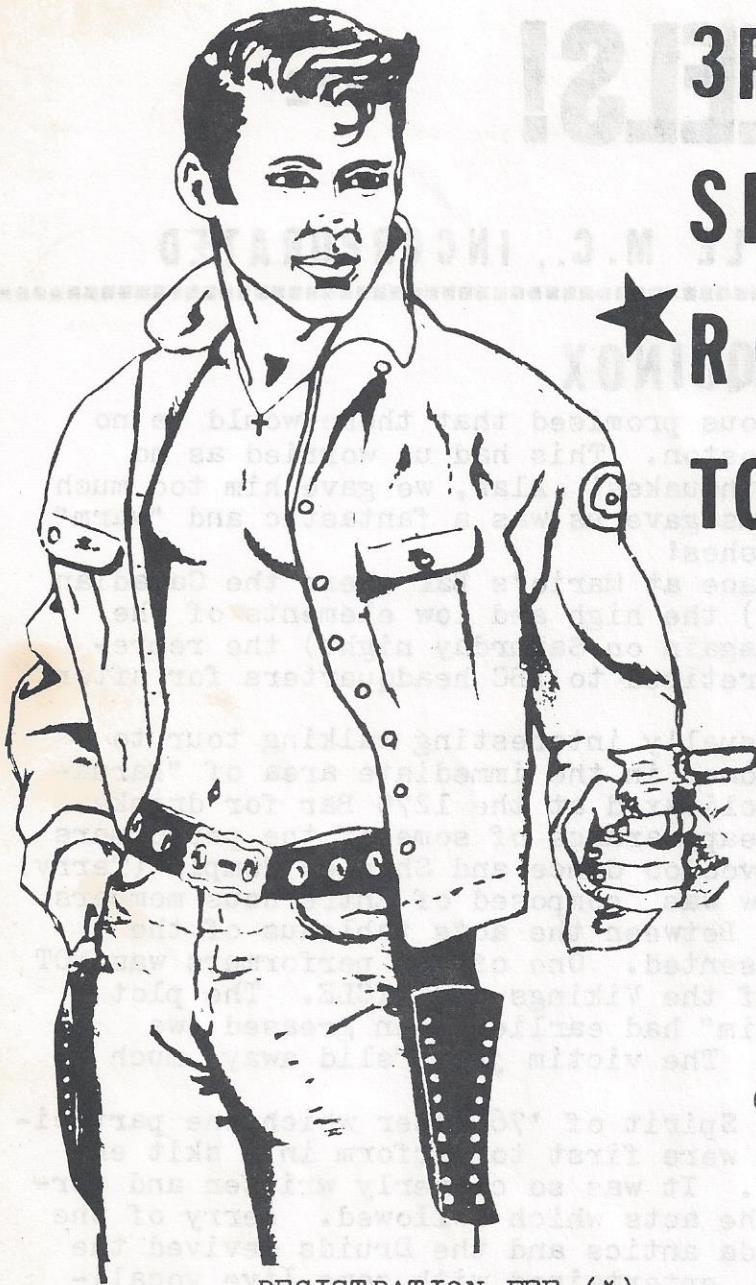

Saturday afternoon brought an unusually interesting walking tour to several of the Entre Nous and Viking homes in the immediate area of "Barnaby/Sherman" manor. This poker "walk" climaxed at the 1270 Bar for drinks, buffet and The Show. We witnessed a reappearance of some of the performers from last year, including Speedy in a voodoo dance and Shirley Temple (Terry) on roller skates! The rest of the show was composed of Entre Nous members including Dick "Manning in the Moon". Between the acts tableaux of the "Conquerors of the Ages" were well presented. One of the performers was NOT so successfully kidnapped by members of the Vikings and CYCLE. The plot failed due to the fact that the "victim" had earlier been greased (we suspect for just such an eventuality). The victim just "slid away" much to the relief of the producers!

A buffet dinner was served at the Spirit of '76 after which the participating clubs entertained. The Vikings were first to perform in a skit entitled "Entre Nous, This Is Your Life". It was so cleverly written and performed that it made it difficult for the acts which followed. Jerry of the Wheels M.C. provided some Carmen Miranda antics and the Druids revived the Andrews Sisters. Sean, of the Vikings, entertained with some live vocalizations. THE CYCLE M.C. was represented by Tom Claypool assisted by Jeff, Joe and Johnny performing the FFA Anthem and for a finale Jack Goodall staged a facsimile version of the "Newlywed Game".

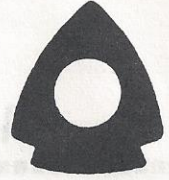

Sunday brunch was served at the Spirit of '76 followed by the presentation of trophies. Among the trophies was the "Fred Lubanski Memorial Bus Luggage Rack Award" presented by Cliff Baird of the Spearhead in honor of the "Last Roundup" in Toronto! First place participation award went to the Druids and second place to Wheels M.C. A special award went to the M.C. Kemo of Montreal for the brotherhood they displayed during the previous year. Another special award went to the Vikings for support and help to the Entre Nous. Lee Hooper, Sgt. at Arms of THE CYCLE M.C., received the "visible talent" award! Gordon Massie of the Spearhead received first place in the poker "walk" with second place going to Jose of the Entre Nous. Later in the afternoon, Herbie of the Ramrod honored the auxiliary coupon in our books for a beer and then those who were able retired to "Barnaby/Sherman" manor for further bedlam!

As we concluded last years report, so shall we conclude this report. (Sing to the tune of the Campbell soup commercial) ----"Umm umm good, umm umm good, that's what Entre Nous is, umm umm good"!

## WHEELS

Wheels M.C. has added two more trophies to our collection, with Claude L. winning the 9 Plus Pool Tournament and our winning the second place participation award during the "Days of Equinox" in Boston.

Our WHEELS MAGAZINE correspondent, Dick E., gave us quite a scare last week with a brief stay in the hospital. Fortunately for him, and us, the results of the tests were all good. Dick, take it easy, we need you with us. Thanks to Keith, who kept us all very well posted on his progress.

With W-4 just around the corner, we are all very, very busy getting all the loose ends tied up. Everything is falling into place beautifully and we are sure this will be our best run yet. If you haven't gotten your application in yet, we would suggest putting it in the mail now. You will find the application elsewhere in this issue along with a press release giving more information about the run.

The Jock Awards night plans are completed and all we need now is for the clubs that are voting on the categories to get your returns back as soon as possible -- as we have a lot of work to do when the returns are received.

Hope to see you all on W-4!

## ENTRE NOUS

Greetings to all of you from a just recuperating member of Entre Nous. Days of Equinox has come and gone and we sincerely hope that all of our guests, who visited us on Palm Sunday Weekend, enjoyed themselves.

We would now like to give special thanks to the following: Manza Thomas, President of the BBC; Skip Carter, President of the Vikings; Bob White, Manager of the "1270"; the owners of the Spirit of '76 Restaurant; and the owners of Mario's Bar. Without these individuals a run the size of Days of Equinox, in a city like Boston, would have been impossible.

As many of you know, our article was not in the March issue, so here is a brief outline of the month's activities: We welcomed into Entre Nous membership the following; John Ritchie III, John Connors, Bill Wilbur, Britt Britton, Bill Juctner and Bob Snellman. There was much work to be done during March in preparation for Equinox, for example: The Show, in the most capable hands of our own "Gower Champion", Bill DeVeau; the officers and members on decorating, poker run, housing, food, and the many other committees necessary to insure a successful event who worked most diligently. Many thanks to all who participated in Equinox.

Look forward to seeing many of you at the Spring Sabbath in Washington.

Fraternally,  
Dick Manning

## SOUTHERN REPORT

Three Clubs -- Three Anniversaries -- and Three Days made the Easter Weekend in Washington. Many reports are written about runs, functions or happenings. If you were to change the names and locations it might be difficult to tell one from the other. Therefore, this report would like to mention only what was new, novel and interesting during the weekend -- the rest of it was groovy, as usual!!

The "new" was that it was a run where you could participate in everything for \$7.50. The "novel" was that it was set up to attract as many local people as possible, but if you were from out-of-town it was much appreciated. The "interesting" parts were: the presentation of medals to the charter members of the S.M.C.; the Marathon films of past years; the uninvited guests to the L.A.'s party that blew the whistle on the "whole thing"; and the Centaur's brunch that traveled 100 miles to be assembled. Last, but not least, was the group of butch, groovy guys who enjoyed the scene without drag shows etc. If there had been an award for participation, it should have gone to M.C. Kemo who had a fantastic turnout in spite of the distance from Montreal -- and to the U.Y.A. who had about 90% of their members present. It is too bad that the Spartans, Centaurs and L.A.'s have only one anniversary a year!!

### SCORPION'S M.C.

Although most Washington club members, ourselves included, helped the Spartans, L.A.'s and Centaurs celebrate their anniversaries during the Easter weekend, we did find time to have a meeting to elect new officers and work out additional details of Scorpio Rising -- August 4th thru 6th. Many thanks to the three clubs for a fine weekend. At our elections we elected Jack E., President; Claude W., Road Captain; and Paul S., Secretary and Treasurer. They will serve until January 1973. As to the run, we plan to begin in town with a dorm party Friday night and take off on Saturday for a bike run to the hills of Virginia for swimming and other body events. So, after Marathon, keep your country gear ready. We look forward to seeing many of you there.

### SPRING SABBATH:

From all indications this should be a run not to miss! Washington in Spring is just plain beautiful and the Druids are working their derrieres off to make you feel at home. We look forward to seeing you!

### SIDELIGHTS:

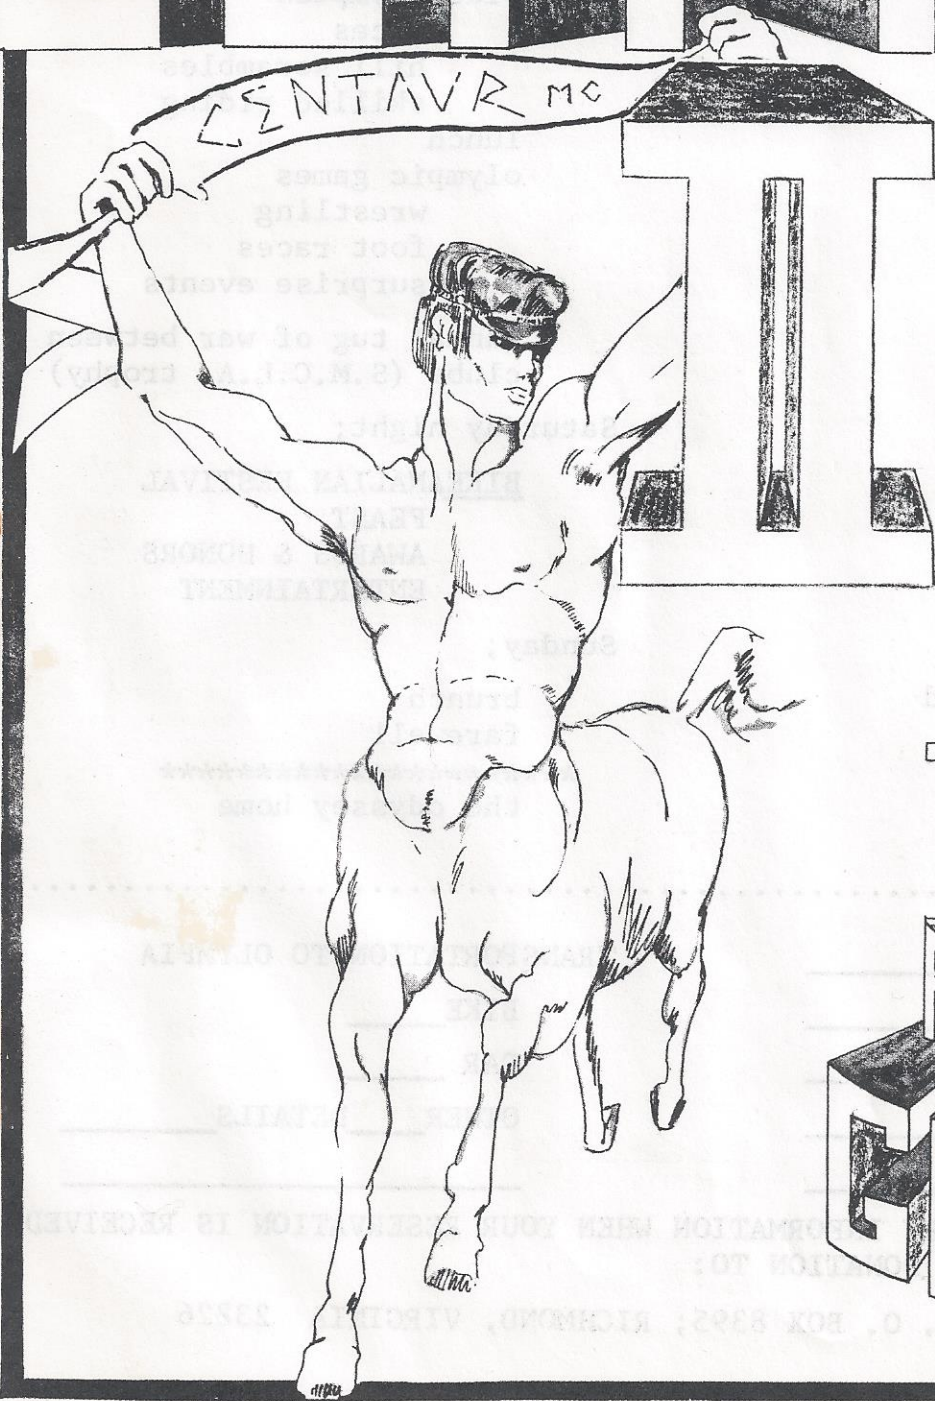

- +Olympia II, May 12th thru 14th. The first real bike run of 1972.

# THE INNER CYCLE

REGARDING the bar listings PIT STOP which is appearing for the first time in this issue. Neither the CYCLE MC nor WHEELS MAGAZINE makes any recommendations pro or con. The list was compiled with the kind help of the readers of this magazine and by members of various clubs. If we can judge by the comments from those who returned our questionnaire, the major portion of the establishments are not strictly leather and western. However, in the cities listed, these are the best places to go to meet club members and others sharing our interests on "home ground". We felt there was a genuine need for a listing of this type as in most guide books you have to go through all the chaff to get to the kernel! Further, because we are a monthly publication, we can keep the listings current. It will, however, be necessary for those within our fraternity to aid us in keeping the listings up-to-date. In this manner, we will all benefit. Please feel free to write to us regarding additions, deletions, wrong addresses, phone numbers etc. When writing, please give your personal comments on establishments. In this manner we can get the "feel" of the organization. The comments will not be printed. At present, we will be publishing the listing every other month, or sooner if enough information warrants it. In the meantime - "happy imbibing"! Please address communications to WHEELS MAGAZINE, 254 West 25th St., NY NY 10001.

A NEW show is scheduled to open off-Broadway in the near future. It is called "They Put Handcuffs on the Flowers". THIS we gotta see !!

DICK ERICKSON, correspondent to this magazine from Wheels M.C. was recently hospitalized. We wish him a speedy recovery and continued good health.

THE SPRING schedule of events took off in a blaze of glory last month at the Days of Equinox in Boston hosted by the Entre Nous. (See lead article in this issue). With one exception, it was well planned, well executed and the show on Saturday afternoon was a sheer joy!! We ask the Entre Nous to take the criticism to follow in the spirit in which it is extended -- that is, with fraternal sincerity. The "exception" was on Saturday night when the guest clubs took their turn on stage. What stage? The opening skit by the Vikings was indisputably more than an amateur presentation. Pity that only a few in the front could actually see the performers. The show was held at the Spirit of '76 Restaurant, and we strongly suspect that their sound system had been there just that long --- since 1776! It was horrendous! Then, for some reason, the house lights were not killed during the acts. Had they at least been dimmed it might have aided in drawing attention to the performing area! As it was, those in the back (who couldn't see or hear anyhow) kept up a running conversation during the acts. The CYCLE, for one, had been led to believe that the acts were to have been performed "in the round". On arrival in Boston, we were advised of the last minute change, and of course it was too late to make any adjustments. The acts that depended on mime were really in trouble. Ever tried to mime 6 minutes of "distortion" However, the above was a minute setback and in no way could short out the electricity that was in the air in Boston that weekend. Again, our thanks to the Entre Nous for a fantastic event. We do know, however, where that "Torrid Tuber Award" should next come to rest !!!!!

(Continued overleaf)

## THE INNER CYCLE (Continued)

RECENTLY we received for review a new book (March 1972) written by Peter Fisher. Although it is not the policy of this Club or publication to comment on the subject matter of the book in general -- we were extremely impressed by the chapters dealing with the leather scene. The editor of this magazine has never before read a more forthright and objective report on the leather scene. It is obvious that Peter Fisher is a man of keen intellect. Although he is new to the leather scene, his writing suggests that he did a lot of "homework" before he sat down to his typewriter. He first analyzed the scene and when he further reported on the subject, he respected his OWN analysis of the subject and afforded anonymity to persons and places. We strongly recommend the book, if only for pages 81 thru 94. This book should do more to foster understanding of our sub-culture than all its predecessors put together! We don't know if it is an original statement, but the last sentence of the chapter referred to above ends with the question -- "Is being different the same as being sick". The book is "The Gay Mystique" by Peter Fisher, 258 pages, \$7.95 (hard cover) published by Stein and Day, 7 East 48th St., New York, NY 10017.

AS USUAL Elizabeth T. Hepplefinger didn't make an appearance at her 13th birthday party until the bulk of the nearly 100 well wishers had departed. I asked her if she would sit down at this typewriter and type a few words of thanks to all her admirers for the galaxy of gifts bestowed upon her. Following my request, she stuck her tail in the air and as she walked away admonished me to have "Morris Do It"!!

FOR THOSE of you who wondered where she disappeared to during the celebration -- we now can tell you. After most of the guests had departed we finally found her. Somehow she had managed to get through a maze of plugs and wires behind the stereo equipment and when "found" was blissfully and contentedly snoozing on the turntable!

EASTER SUNDAY the Druids and Spearhead members who were in New York for E.T.H.'s party were hosted to a champagne brunch at the home of Lee Mc Millan. Now, that's what we call "wicked" orange juice!!

GROUP FLIGHTS! The CYCLE M.C. is currently making arrangements for a group flight to Toronto from New York for the Spearhead Roundup on June 30th. The anticipated cost is \$62. Additionally, if we can get at least 15 people signed, we will be able to arrange a group flight to Montreal on June 16th for the M.C. Kemo Kebec Run. (For group flights to Fire Island on May 19th, see the Fire Island application elsewhere in this issue.)

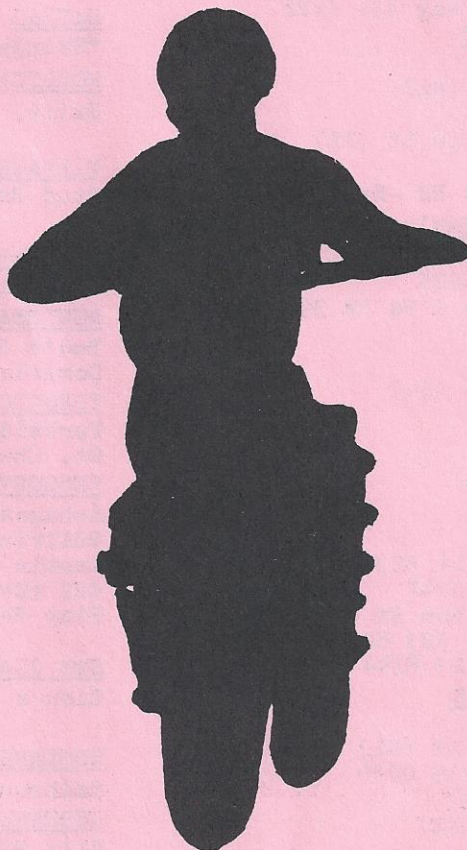

LEATHER CAPITALS! At this writing we are up to 50% capacity for the CYCLE M.C. "Leather Capitals of Western Europe". The tour departs on August 14th for Munich, Berlin, Amsterdam and London....returning on September 4th. The airfare portion of the package may be charged to your American Express, BankAmericard, Carte Blanche, Diners Club or Master Charge cards. This applies ONLY to the airfare portion. If you wish a brochure describing the tour, write to the CYCLE M.C. at 254 West 25th Street, New York, NY 10001 or call (212) CH 3 5585.

IN ORDER to give us more time to work out the myriad details of the Fire Island Weekend, we have decided not to mail the Ticket Books. The books will be issued at check-in on the island. We will, however, be sending out acknowledgments in the next few days to all those who have sent in their donation. Our Business Manager, Bob Hullen, tells us that the applications are coming in droves. If you haven't signed up, we suggest you fill in the application in this issue -- pronto! Don't get left standing at the dock!

FLASH! CYCLE Member, Fraser Lowden in London advises us that the CYCLE M.C. Associate Members and the SNC Members in London are planning a great run for us in London! Details next month!!

### PRAETORIANS

Notes for the month of April:

Remembering to get the tent out of mothballs with spring and summer runs coming up ... Terry reports Entre Nous run a great success and noticed particular attention by individual members of that club to make everyone have a good time ... also the cooperation of all Boston clubs .... The Praetorians had a small party at Ed Clifton's in Woodside ... featured event was SPQR done in green peas over casserole ... Later went to a neighborhood bar to show patrons what leather looks like. Oddly enough named "What A Dump." Name aptly fits ... Our name keeps cropping up in out of town columns mostly due to our peripatetic member Bill A ... We must report that birthday party for Elizabeth Hepplefinger great success and everyone had a great time, but where the hell does she hide out?

We are proud to announce our forthcoming Annual Run W-4. This year it will be held near York, Pa. during Memorial weekend, May 26, 27, 28 and 29.

As the basic idea of a country run is "roughing it", we have chosen a spot which is conducive to out-of-doors living. There will be an area for pitching tents and setting up campers. However, there will be an area for enclosed sleeping which would require sleeping bags. PLEASE BRING YOUR OWN BAG. We must emphasize that this area is limited and we would appreciate your advising us in your application if you require enclosed sleeping space.

We will again offer bus transportation to the site from New York City and return. However, due to increased costs we ask for a minimum donation of \$5.00 per person for this service. As space will be limited, we suggest that you make your request for bus service on your application and submit it as soon as possible.

Upon receipt of your application, time permitting, a confirmation giving full details will be sent to all registrants. At this time may we specify that no person may arrive at the site before 12 Noon Saturday May 27th. There will be registration in NYC on Friday night with drinks and buffet. For the convenience of those in the Washington D.C. area, we will have registration on Friday night in Washington.

Please use the application on the facing page and return it to us as quickly as possible. We have set a deadline of May 15th for all applications. NO ONE WILL BE ALLOWED AT THE SITE WITHOUT A RESERVATION.

It is our hope to make W-4 the biggest and best run that WHEELS has ever given. TRY TO MAKE IT!

## CHICAGO KNIGHTS

We gave our full support to our Brother Club "The Lake Riders" whose 1st Anniversary event was held in Milwaukee during the weekend of March 17th through 19th.

We assembled at the headquarters hotel and were met with the warmest welcome from complete strangers, who were to soon be the closest of friends. The friendly, "we've been waiting for you" was the beginning as we checked into our private floor. A run without a button! The name tag, distinctively made, was our pass to the Stud, Milwaukee's leather bar, where beer was served without charge or limit until the end of our stay. Seemed like we had just arrived before a hearty lunch was being served -- haven't seen so many pans of sandwiches (and they all disappeared too!) The after hours party (private, of course) featured reel S&M. A barrel of beer was set up by Chuck of the Stud right at the gallery and was available the rest of the night.

A few got some sleep before Bloody Marys heralded the brunch Bob put on at noon. Our brewery visit had to be cancelled due to union rules, but you can imagine a poker run on foot thru the crowded downtown area? Imagine finding a target in Walgreens! Wisconsin Avenue will never be the same. The last stop at Jim and Pat's was a cocktail party we Knights hosted. Whether it was the punch or the atmosphere of good friends -- it certainly turned things on! Harley won't forget it either. The prizes for the poker run were contributed by our friends, the Praetorians. Barely recovered from cocktails, we found ourselves at the Banquet, a sit-down dinner extraordinaire -- more food than our ravenous group could possibly consume. The table was set up in the back of the bar. Yet, even with our privacy, we soon were besieged by female bike riders -- a local club of some 30 members. Before the night was out, they were inviting us all to join in a joint venture later in the year.

Later Saturday night -- another after hours party with more reels and beer. Never have figured out where all the bodies came from! The brunch on Sunday noon, cooked to order, brought us to a farewell.

The elevator got sick on Friday night, but died completely on Saturday night. Ever tried 7 flights under the influence? A lot of runs have been fun but this package was the bargain of the century at \$20.00 including everything and 'twas all under one roof for those who didn't want to venture forth at all.

Milwaukee is on the map!! It can be called the fun-city of the Midwest and there's more to come.

The Chicago Knights announce our first official run, The Summer Tournament, for August 18-20, which will be our Anniversary too. We intend to hold it in Milwaukee as an in-city bike run! Count on coming!

Scribe, Harry  
THE CHICAGO KNIGHT M.C.

## VIKINGS

Well, Dame Boston appears to be pulling herself back together after one of the worst hangovers in her history. Days of Equinox is now, for another year at least, a thing of the past and for the Vikings it was a great opportunity to enjoy a first class run in their own city without any of the work and drudgery. The Entre Nous are to be complimented on what must be considered a most successful in-city run.

If one has to pick a highpoint for an event, then this writer must conclude that the show on Saturday afternoon was certainly the star of the weekend. Judging from the high degree of professionalism shown it is certain that many people put much time and effort into the production. However, special accolades must be given to Bill D. who was in charge!

All runs can be certain of having minor flaps (what would we do with the Torrid Tuber if they didn't?) We are sure Days of Equinox had theirs but they certainly didn't prevent all of us from having a great time. One thing must be noted for future reference. If the Entre Nous say they are serving brunch at 1:00 P.M., they mean it. Don't be late !!

After the Saturday night dinner the Vikings presented a tribute to the host club. It was resplendent with fire trucks, roses, trophies, an angel (not the D.C. variety) and Boston's own Ralph Edwards.

Now that the Entre Nous have officially proclaimed it Spring the Vikings will soon be departing for D.C., New York, Pennsylvania, Fire Island and Montreal. It will be impossible for all of us to be at every function. Nevertheless, it is our goal to have a good representation at all the events. The crossed horns of the Vikings have traveled a great many miles in the last three years and with the EVENT-FULL Spring and Summer season coming up will undoubtedly do a lot more.

With the age of inflation upon us and the spiraling prices what they are we would like to compliment the Cycle M.C. on keeping the cost of their Fire Island Weekend to an acceptable minimum. Also to the Cycle M.C.; We were visiting a farm in the country the other day and Elizabeth T. HeppleTOE sends her best birthday greeting to Elizabeth T. HeppleFINGER!

For Boston area residents there will be an "April Affair" held at the 1270 consisting of a brunch, show and door prizes. See the posters or any Viking for full details. The most important detail, however, is that wonder of wonders it's completely FREE, FREE, FREE !

## VULCANS (Conn.)

March meandered into Connecticut but we in the Nutmeg State still await some harbinger of life's re-awakening. Still, away we put the skis, skates and snowmobiles for the joys of hoes, rakes and spades.

Connecticut Vulcans have joined the spirit of the season. At our first meeting we mopped up Gumshoe's basement. The following week we tacked shingles on Airhose's roof. The rest of the time we shovelled our own driveways. Yes, March was a spring festival of fun for the Nutmeg Vulcan R.C.

At the end of the month, Nipple disappeared to represent the Club at Entre Nous' most successful, most groovy Days of Equinox. No amount of praise can honestly describe the success of this in-town run. Boston has always enjoyed a great reputation for hospitality, for grace and "savoir faire". Mike Cain, the entire Entre Nous and their brothers in Boston's other clubs set new standards for the rest of us to strive for when it becomes our turn to receive guests. Considering the high degree of cooperation among the Boston brotherhood, it would be unfair to single out any specific persons for praise above the others. Personally, I want to mention my most gracious host, Jose G., and his neighbor Dick L. who was a delightful co-host to all who called upon his home -- as were the Viking brothers who opened their homes to the after hours parties. Naturally, I was thrilled to see our Canadian leader, Gordon M., leading a delegation of his ever welcome countrymen to the run. And who will ever forget the Great Rubber Stamp himself, Roger P., conducting a Palm Sunday service prior to the farewell brunch? How we all regretted the need to return to our homes and jobs after such a marvelous display of fellowship. Merci, Entre Nous!

April was scheduled to begin with a birthday party for a great lady, Miss Elizabeth T. Hepplefinger. See the next issue for our report on that event. We in Connecticut hope to see you all before long. Fraternaly:

Stan, The Great Nipple  
Connecticut Vulcan R.C.

BOONDOCKS RUN: (Oct 7-8) Should this be a "wet" weekend the run will be a road run from Vancouver to Seattle over a paved back road. If the rains haven't started, it will be a camping run over the same route.

REMEMBERANCE WEEKEND: (Nov 10-12) an in-city weekend in Vancouver.

CHRISTMAS WEEKEND: (Dec 8-10) another in-city weekend, this time in Seattle.

ANNIVERSARY PARTY: (Date to be announced)

Nearly a hundred riders from California and Canada have indicated they will be with us for a few days during the dryer weather. The more the merrier. Safe Riding!

## LAKE RIDERS

The Lake Riders anniversary run turned out to be a smashing success. Forty guests showed up, and everyone was amazed at the good times they had for the \$22.50 donation. During the weekend it was all the food you could eat and all the drinks you could drink!! This, plus lodgings and after hours parties! The hotel management went way out and gave us two floors to do with as we wished! A barrel of beer was placed on the floor, and was available all night. During the day we took over the rear bar at the Stud.

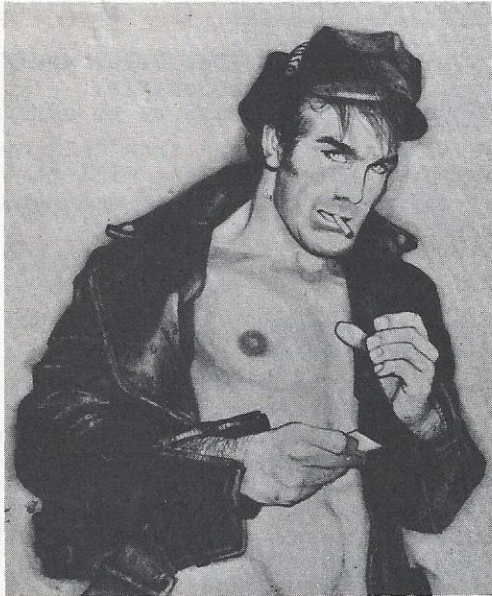

Friday night the catering people put out a variety of sandwiches and coffee -- plus unlimited beer! The late Saturday brunch consisted of eggs, bacon, sausage, toast and coffee! Saturday afternoon the Chicago Knights M.C. hosted a poker run. Prizes for the poker run were donated by the Praetorians of NY, who also sent a congratulatory letter. That evening, the Chicago Knights hosted the cocktail party. It was a real bomb!! That is, one drink and you were "bombed"! The Chicago Knights did a beautiful job at this groovy cocktail party! The Banquet, which was held at the Stud, featured chicken and ham and was topped off with a huge chocolate cake reading -- "Happy Anniversary Lake Riders". The Chicago Knights M.C. donated the champagne for the banquet -- and the toast was proposed by Sir Gene Simonar to the Lake Riders!

The Milwaukee natives welcomed us with great cheer. We met many new faces on the run and made many new friends at the Stud. In fact, everything went so well, we are looking forward to celebrating our second anniversary in Milwaukee at the Stud.

Many thanks to the Chicago Knight M.C. for their support and helping hand. This is the only club in Chicago that really has shown true fellowship to the Lake Riders. We are looking forward to doing bigger and better runs together.

# TOO HOT TO HANDLE

\* A Buddy Club is not a mallet to hit a buddy with!

\* We're dying to get to D.C. to get the inside story regarding the outside interference encountered during a recent after hours party!

\* We agree with the Lake Riders that the "publication" from that upper Midwest club has some editorial content that reeks of bad taste!

\* Regarding the above, we got quite a chuckle out of their report on the Lake Riders Anniversary. To quote the complete report: "A \_\_\_\_\_ attended a first anniversary party for a Chicago motorcycle club. It was reported to be a fun party". (For a 'true' report on that event see the Lake Riders and Chicago Knight columns in this issue of WHEELS MAGAZINE.)

\* It would seem it is never too late to start playing with dolls! Just ask CYCLE Member, Lee Pietrange-lo, who, who made the first one for E.T.H.'s birthday, and is now going into full production. All the moveable parts actually move.

\* Whatever happened to the Triangle Bar in New York? Come to think about it, what ever happened to John Yeager?

\* CYCLE M.C. Director, Tom Claypool, just returned from London with reports of a wonderful time and a warm reception.

\* Bostonians please note. The departure time of the Fire Island flight for Fire Island Weekend has been changed and will now depart at 5:35 PM!

\* Nuts! The "Spikeburgers" went the way of all flesh. Along those lines, we wouldn't be a bit surprised if the Boot Camp in San Francisco came up with a "Bootburger". Would that then be "soul food"!!?

\* We hear that Lee Hooper, our own Sgt. at Arms, is so proud of that "visible talent trophy" he received at Days of Equinox, that he has taken to sleeping with it!

\* Is the motorcycle syndrome on the wane? We think not. Three local CYCLE M.C. Members are in the market for "first time" bikes!

\* Host of the Month Award goes to the Entre Nous of Boston for Days of Equinox -- and their Saturday afternoon show should walk away with all the Jock Awards next year!

\* Guess what Washington club walked away with the participation trophy at the Days of Equinox? The Druids --- that's who!

\* That Mad Barber from California struck again --- this time at Elizabeth T. Hepplefinger's birthday party. (No stupid -- Elizabeth was NOT the victim)! Why do you think she hid?

\* Following the "Newlywed Game" at the Days of Equinox, we wouldn't have been a bit surprised to see it followed by "Divorce Court"!

\* Overheard from a former club president, whose club was and still is a member of the Council. "Oh, that council -- it's a political organization"!

\* We see that Tangerine Goldfarb (of Tool Box foul-up-fame) is involved in still another bistro. We guess there is some truth to that old saw about being "cheaper by the dozen"!!

# FIRE ISLAND (Cont)

It was anticipated that we would have a detailed listing of events in April. However, plans will not be finalized until May 1st and will appear in the May issue of WHEELS MAGAZINE. All those who have already sent in their donation will be shortly receiving acknowledgment by mail. The Ticket Books will be issued at check-in on the island!

We do plan on having additional hotel space this year, additional functions, and God help us -- additional people! But again, logistics require that we can only accommodate a given number of people. Therefore, applications will be only accepted on a "first come first served basis"! As in the past, no application will be accepted unless the waiver (below) is signed.

"Under the rules and sanctions of THE CYCLE M.C., I hereby agree to conform to and comply with the rules governing this event -- FIRE ISLAND 1972 being held from Friday May 19th through Monday May 22, 1972. I further agree to hold blameless the CYCLE M.C., its members and the owners of the property and quarters I am assigned and any other property owners for loss or injury to myself or any property in which I may become involved by reason of my participation in this event. I do hereby agree by my signature below, that I am at least 21 years of age. I have read the above and agree to all of its terms."
