

# Prayer for a Motorcycle Christening and Blessing

Almighty and everlasting God, you made the universe with all its marvelous order its atoms, worlds, and galaxies, and the infinite complexity of living creatures; Grant that, as we probe the mysteries of your creation, we may come to know you more truly. For it is out of the fossil fuels in existence at the beginning of our times, together with the machine work of our hands that we have created the motorcycle.

O God, whose glory fills the whole creation, and whose presence we find wherever we go: Preserve those who travel on Bike and Road; surround them with your loving care; protect them from every danger; and bring them in safety to their journey's end; through your grace.

All of them look to you  
to give them their food in due season.
