*Director*

November 5, 1998

Bucks Motorcycle Club  
P. O. Box I-543  
Langhorne, PA 19047

Dear Friends:

As the year of 1998 draws to a close, we at the Area Agency on Aging take stock of our Charity Account balance and reflect on several things. Namely, how many older folks have been helped over the past year, how wonderful it was to have had this money available, how good are the people who have raised these funds not even knowing how, and for whom, they would be used, and how much we hope we will continue to have funds like this available in the coming year.

Surely the members of the Bucks Motorcycle Club have some idea that their efforts are going to good causes. But, if they knew some of the specific situations of the lives of those they have helped, they would have no doubts that their hard work is for many a "God-send."

Our Agency receives many requests from desperate older people just trying to continue making it on their own, in their own homes. Often their requests don't exactly fit into the official state-sponsored programs we offer. But these requests come from people who have no where else to turn. The need for warm clothing, personal items that make caring for an elderly person at home easier, an emergency electric bill payment, an unusually large pharmacy bill, an order of food, even an emergency home repair, are just a few examples of the good your hard work has done.

In the name of all those older folks whom your efforts have helped, I say thank you. I offer you my assurance that your continued fund-raising work will not go unappreciated, and we promise to see that those funds are used wisely.

Sincerely,

  
Charles A. Kane, NHA  
Director

Langhorne, PA 19047**

Dear Friends,

Once again, it is with gratitude that we recognize, on behalf of those living with HIV disease throughout southcentral Pennsylvania, the generosity of the Bucks Motorcycle Club.

Your continued contribution to our work is a tribute to your community commitment and compassion for those in need. Today, more than ever, your support is needed as we struggle with increasing caseloads and decreasing government funding. The number of new infections increase daily; our HIV prevention and risk reduction programs must increase as well.

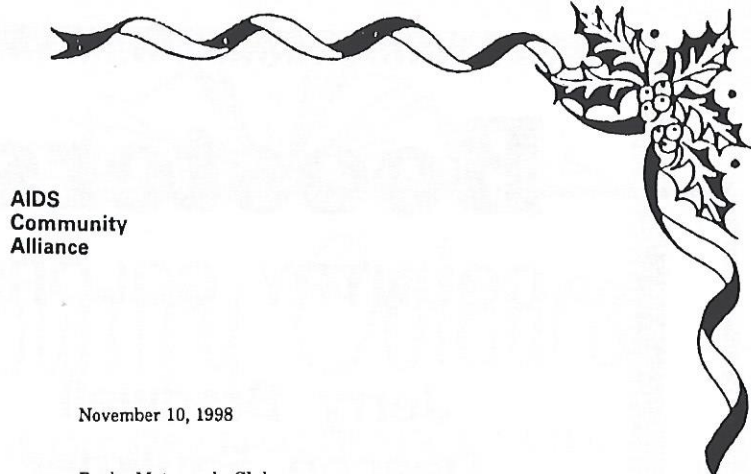

We rely heavily on donations from individuals and groups to support those to whom we provide services, and therefore, we never want to miss an opportunity to publicly share our heartfelt thanks.

Thank you again for joining with us in our mission...

*"Acknowledging that we are all living with HIV and AIDS;  
Challenging barriers through advocacy,  
education and empowerment."*

With thanks, and best wishes for health and peace in the new year,

*Leanne G. Porterfield*
