

President, Chaz A.

I intend to task every officer with specific goals this year. We are a team and we need to depend on each other, if you feel you cannot achieve your goals, please reach out and ask for help.

My personal commitments to the club this year are as follows:

- I shall diligently strive to repair our bylaws and missing constitution before Q2 is over.
- I shall encourage all members and officers to create rides/events and encourage participation.
- I shall encourage communication among members outside of our Open General Meetings.
- I will strive to improve the image and promote ECMC to our brother clubs and community.
- I shall strive to get our treasury up to \$5,000 before my term is over through frugal spending and promoting money-raising events with the Vice-President and Road Captain.
- I will listen to everyone's concerns and take appropriate action as needed.

Vice President, Ed C.

Secretary, Joe M.

In addition to recording the minutes and distributing them via e-mail within seven (7) days from the meeting, collecting and replying to our postal mail on a regular basis, I would like to see you:

- Establish better communications with our brother/sister clubs, with emphasis on AMCC and riding clubs.
- Develop a simple newsletter to distribute that includes ECMC events, calendar and news before Q2.
- Develop regular communications with our emeritus membership – perhaps arranging a visit with the R/C.

Treasurer, Mark W.

In the coming year, I task you with the following:

- Obtain a signature card from the bank for the new officers to sign.
- Schedule a club audit (review of books) for 2011 with two non-officers.
- Get pricing on safety deposit boxes at our bank and present to the E-Board.
- Perform a complete club asset inventory with two other members or officers and ascertain what we want to keep and figure out where we want to store it.

Past-President/Advisor, Eddie M.

Yeah, yeah, yeah – I know – haven't you already done enough the past two years? Although our *current bylaws* do not specify the position of "advisor" on the E-Board, considering the number of new people on the board, I feel your advice and input would be quite valuable.

I would like to know if you would be agreeable with the following:

- Continuing to be the club's AMCC representative
- Be installed as ECMC's first-ever "Sergeant at Arms"
