DAYS OF EQUINOX

March, 1977

## EQUINOX

Boston's most exciting run takes place on March 18-20th when ENTRE NOUS once again rolls out the red carpet of welcome to club members and independents expected to attend this great in-city event.

This year's "Days of Equinox '77" includes complete hotel accommodations, a 24-hour hospitality suite, drinks at the three major L/L bars, buffets, a grand banquet and a new twist in show entertainment: "The PRIZE IS RIGHT" where all run participants will have a chance at winning prizes upon prizes. ENTRE NOUS will hold its drawing of a brand new CB360T motorcycle. The run will include a spectacular tour atop the now-famous John Hancock Building which includes a helicopters' views of the city of Boston...it's quite a show.

A pre-run warmup will begin on Thursday evening, March 17th during the club's St. Patrick's Day bash at the Boston Eagle complete with green draft beer and entertainment. Housing will be provided for those run guests arriving in the city early. Registration will begin at 7:00 pm at the Hotel Bradford in downtown Boston. Welcome drinks and plenty of food will keep guests well in tune as they meet others on Friday evening.

The L.I. Spuds MC will host the cocktail party just prior to the banquet and show on Saturday. The Lanyards are slated to provide eye-openers on Sunday. The run will reach a climax on

Sunday afternoon when the Thunderbolts MC take over the Boston Eagle as part of their club night.

There will be many more surprises and events in between to make this a super in-city run. Applications are provided in this issue. Housing will be based on 2, 3, 4, and 6 to a room. A \$15.00 deposit is requested with each reservation. Applications can be mailed to ENTRE NOUS, Inc., P.O. Box 2063, Boston Mass. 02106.

The members of ENTRE NOUS invite you all to share in the fun-filled weekend in store for EQUINOX '77.

## bob white

Bob White, a long-time member and an avid supporter of ENTRE NOUS, was made an Honorary Member by a unanimous vote of the membership on February 13th. The Executive Board accepted his resignation from full membership status in light of his active business schedule. It chose to maintain his ties with the Club by recommending honorary status shared by Elaine Noble, Bob Soderholm, Herbie Zangari, Ann Maguire, Gusti Wirling, Jim Dupuis and Sandy.

Bob White is the manager of a new waterfront lounge, SOMEWHERE. The club will hold a brunch/meeting there on Sunday, March 13, 1977 at 1:00 pm.

## asmc

ENTRE NOUS' Captain had the honor of presenting the Club colours to the ASMC on Sunday, Feb. 13th during a St. Valentine's Day dinner hosted by that club. In his presentation message, Paul expressed hope for continued success and brotherhood between the two clubs. Both

ASMC (cont)

ENTRE NOUS, VIKINGS MC and ASMC now share the bond as "banner clubs!" The VIKINGS MC now enter their ninth year in existence, having recently celebrated their anniversary on February 19th.

ASMC's Captain David Fisk accepted the ENTRE NOUS banner while being surrounded by several club members and independents attending the festivities at the Boston Eagle.

## Post bar

ENTRE NOUS accepted the invitation to invade the POST BAR in Philadelphia where the Club will host Club Night on Saturday, June 25, 1977. The Club expects to arrive en masse to round out the weekend and enjoy the gracious hospitality provided by the Philadelphia-based clubs. More details of that event will be made available as that date approaches. The Club expresses its thanks to Ozzie and Jim of the POST for the kind invitation.

## 484 club

Thanks to Mike and Rocky of Club 484 in Manchester, N.H., quite a few kids enjoyed last Christmas. A truck arrived loaded with hundreds of toys, which were delivered via ENTRE NOUS to the Fenway Civic Association in the Back Bay. The Club intends to plan a weekend event at the Club 484 following the Equinox '77 Run. Mike and Rocky paid a visit to the Club at its last meeting on February 13th.

### ASSOCIATES TAKE NOTE:

We note that other clubs are cracking down on associate members who fail to keep up with their annual dues. ENTRE NOUS, in similar fashion, can no longer endure the administrative burden of carrying individuals on the rolls as associate members. Every associate member is reminded of his \$12.00 per year obligation and also to notify the Club of any address change. It's hard enough trying to keep up with members who fail to notify the club of a change. Wearing the ENTRE NOUS patch also requires responsibility. We hope that all associates will give us assistance by meeting their obligations to the Club.

## club news

Robbie Robinson was recently sworn in as clerk of the corporation to fill the vacancy created by the resignation of Mike Markowski from that office last month. Robbie will serve the term until the next annual elections in September.

Steve Blinder was appointed to chair the Constitution & By-laws Committee. George Goodwin was welcomed back into full membership status. Paul Gilman is serving as pledge for membership and a full membership application from Bruce Irwin was read before the Club at its last meeting.

Club members will be expected to make their choice for a run under the rules of the Run Fund. A schedule of runs is listed elsewhere in this issue. The Run Fund makes it possible for several members to attend other club runs. A selection will be made on March 13th during the next meeting.

FROM THE CAPTAIN.....

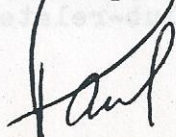

The Days of Equinox are soon to appear on the horizon; the point in time when the position of the earth in relation with the sun and moon will usher in the first day of Spring. It is the focal point for the coming season and a welcoming cause for celebration.

EQUINOX '77 is the run for celebration and its importance to ENTRE NOUS is quite significant. Prior to last year's Boston Massacre run co-sponsored with the VIKINGS MC, our club hosted EQUINOX '75, which perhaps was given before several new members joined the club. EQUINOX is the focal point for ENTRE NOUS; an annual convention of guys from clubs throughout the country along with independents who are brought together under one roof in the City of Boston for a fun-filled and an exciting weekend with all the congeniality that ENTRE NOUS is famous for.

A great deal of work goes into the planning of EQUINOX. The behind the scene details require thought, patience and a great deal of cooperation. It's a team effort that produces the end result. The success of EQUINOX '77 will depend on every member's participation. The burden of coordinating the activities rests solely on the shoulders of the Captain. The burden of carrying out each event rests with the Planning Committee for which I am personally appreciative. The proof of success and how well EQUINOX '77 is celebrated will rest with all of us. The team effort and cooperation you can give to your club continually adds to the prestige of ENTRE NOUS. We can all feel very proud of EQUINOX runs in the past and the P-TOWN runs as well. Sure, there have been times when something went wrong along the way, but the overall success of our runs is now fact.

To that end, I hope to see each and every member take part in the run in whatever task you may be called upon. The more guys we have pitching in, the less hassles there are bound to be and the better team spirit will come out. It's your run and your chance to show others what ENTRE NOUS is capable of producing.

See you at the next meeting on March 13th and thanks for your cooperation.

ON EMERITUS

.....by annon

Recently somberly contemplating the wisdom of conferring titles upon members, I became intrigued by the recent resolution to confer the title of "Corporate President Emeritus." The intrigue became insatiable. Steadfastly and resolutely I began an investigative research that led me to starting revelations.

Pouring through my copies of previous minutes of the meetings, alas, I found it. Incredibly, they really did it. There, for all to behold, sandwiched in Provincetownian "move thats, Be it Resolved thats, Now Therefore and Further Moved thats" was the culprit "EMERITUS." Glowingly moved, unanimously bestowed and humbly accepted with to quote "a round of applause."

Confirming my suspicions was now essential. I was convinced, yet not entirely positive. I would enlist the assistance of a life-long confidant. Reluctantly, I left the comfort of my living room chair, ambled to my bookshelf, meticulously sought out the College Edition of Webster's New World Dictionary of the American Language. With considerable trepidation I carefully flipped the pages until I finally was confronted with what, lo and behold, I feared to be true....

"EMERITUS" -- "...retired from active service because of age..."

---

WINTER TAKES ITS TOLL

Unless your on a heavy "m" trip for injurious physical abuse, be careful of winter's hazards. For instance, Brother Al broke his hip falling to the ice while helping Brother Ed push a car out of a rut. Fortunately, Brother Al is okay with no permanent damage. Several guys have been caught in winter-related accidents. Be cautious! It's the only bod you've got. As for Brother Al, he thanks the guys who visited him in the hospital and is glad to be back in the club collecting dues and such.

THE PRIZE IS RIGHT SHOW

HOST: TED STUD

DAYS OF EQUINOX - SATURDAY  
MARCH 19, 1976

THUNDERBOLTS MC HOST  
CLUB NIGHT

The Thunderbolts MC will once again invade Boston to host their Club Night at the Boston Eagle on March 20, 1977 from 2-8 pm, including a leather fashion show with outstanding models in fine leather gear and accessories.

The Club Night will climax the EQUINOX '77 Run, which will officially end at the Boston Eagle with a complimentary drink compliments of Joe Kirby.

The Thunderbolts MC have proven themselves to throw excellent parties. Their Christmas Party, Installation Party, St. Valentines Day Party, and their recent Club Night last February were well-attended and socially successful.

ENTRE NOUS and the THUNDERBOLTS will be working hand-in-hand to make the events of EQUINOX and related CLUB NIGHTS well worth being in Boston for all those participating on the run. Come join the party and meet some great guys, club members and independents.

HONORARY MEMBERS TO RECEIVE INVITE

Honorary members of ENTRE NOUS, Inc. will receive special invites to attend the grand banquet and show to be held during the "Days of Equinox" Run, Saturday, March 19th, it was announced by the Captain. It was also learned that Mike Cain, the founding father and first captain of ENTRE NOUS, will travel from his home in New York to Boston to attend the run. Both Mike and his buddy, Fred are members of WHEELS MC.

Banner clubs will receive recognition in the traditional banner presentation. The most recent banner presented to ENTRE NOUS was that of ROO BC of Australia.

The Captain also announced an informal cocktail hour for club officers of all clubs to be held during the run. He said it was important for all club leaders to get to meet each other. The Captain hopes to meet with the Boston area presidents as well for future meetings and club-related projects.

EVEN A DOG KNOWS WHERE  
IT'S AT

A Master's best friend is his good slave, and perhaps if he is not around, then his pet dog. A new ENTRE NOUS puppy has arrived on the scene and is the pet of Ed and Roy. Colonel is a short-haired, German pointer with all the great energy and curiosity an S&M dog could have in a like environment.

Colonel loves to play with his chain dog collars or anybody's set of chains laying around the house. He enjoys the smell and taste of leather. Of course, we don't suggest you leave your expensive leather around the place. Colonel is into chewing good leather to shreds. And watch that can of crisco. Colonel has been clever enough to pry the lid off and eat out the can. He's not even a year old but he knows what's happening and the sound of chain puts him in a playful mood. We're not sure what Ed and Roy are putting in Colonel's dog dish but the new puppy is clever and bright and still needs a little training. But then again, all good dogs need a good master in control of things. We'll watch Colonel's training carefully.

ANNOUNCEMENT OF TROPHIES FOR EQUINOX '77

For the general information of participating clubs and individuals, ENTRE NOUS will award two First Place Participation awards for a club with over 20 full members and under 20 full members, respectively. And, Second and Third Place Participation awards will be made along with Furthest Distance traveled by an individual and Furthest Distance by Motorcycle. First and Second Place Poker Stop winner's will receive awards. ENTRE NOUS will also present its traditional Brotherhood Trophy. Club officers will be asked to certify their full membership roster during the registration of the run for competition in the best participation by a club.

EVERY EVENT WORTH A POINT

As a reminder to all full members, the Assitant Road Captain keeps a log of all runs and events attended by every member of the Club. Total points accumulated by the Election Day Dinner in September will determine which member is eligible for the various awards given by the Captain for the year. Awards will be given for best meeting attendance and overall service to the Club.

Your record of club participation can be checked periodically with Dennis Blute.

REMINDER: SUNDAY BRUNCH/MEETING, MARCH 13th

## A TIME FOR POSITIVE ACTION.....

...an editorial

The Club scene is having a surge of re-vitalization in the New England area. The THUNDERBOLTS MC and the CONNECTICUT COPPERHEADS have excited the interests in the leather/levi scene by recruiting new members. Both clubs are well-organized and have reached out by traveling and visiting other clubs throughout New England as well as in New York.

The ASMC recently received ENTRE NOUS' highest award: The Entre Nous Banner. The New Bedford VOYAGERS MC are also making a mark by attending other club functions. The success of the VIKINGS BO2 last month with attendance from New York and other areas shows true evidence of the interest in the scene by club members and independents.

The time is ideal where several members are either associates or honorary members of other clubs, for the respective club leaders to come together and meet to discuss future projects and ideas for the betterment of all members in the scene. We see a loose affiliation in the making where cooperation and assistance between all New England clubs is possible without an AMCC-type formality. We see it possible for the club presidents to sit down and discuss joint meetings and activities to enhance the lifestyle of the guys in the leather/levi scene. And we see discussion possible on a level where politics can bite the dust. Guys don't want to join clubs where politics is involved. We have seen some outrageous politics which can spread like a cancer growth and tear brothers apart. Setting the example is the manner in which the CONN. COPPERHEADS recently invited the THUNDERBOLTS MC to a house party where everyone had a great time and where no one was allowed to get into corners and chit-chat politics. There is all too much positive energy and imagination which can be put to good scenes for the benefit of all members and new recruits into club life. ENTRE NOUS welcomes the opportunity for positive action and interest within all clubs.

Make no mistake about it. New York is hot!! There is plenty of action for those interested in all aspects of leathersex. A pre-requisite and a must for all proper Bostonians is to become instantly improper. Cast away what Victorian teachings you have been previously subjected to, and drop the inhibitions and eye-contact games if you want to achieve your individual sexuality and satisfaction.

Get to New York and change your sense of timing right away. Your nights are to play and your daytime hours are for sleep and rest. Start out about 9 pm for dinner in any casual inexpensive restaurant like R.J. Scotties on Ninth and 23rd West. Wear your hot jeans, a T-shirt, appropriate colored hanky in the appropriate pocket with or without the appropriate set of keys. Enjoy dinner with a good friend and a good glass of wine. Take your time because the night has just begun for you.

Now your ready for action. There's plenty of electricity in the air. Set your mind for anything goes. You know your own limitations and desires. You might want to heighten your senses with a little grass, or the wine at dinner was perhaps enough to put you in a good mood. You're in New York now. Get a taste of the Big Apple. Head down to the Village to begin your night's cruising along the "leather mile" on the West side. Start at Badlands then the Ramrod. Have a few beers and meet some club people. Say hello to some friendly people there. If you meet somebody hot, you're all set and we'll stop here. Otherwise, head north to the Spike and to the Eagle. The Spike is especially good these days. It's generally busy between 11:00 pm and 1:30 am with some real good-looking action men waiting for the chance just like you. Don't waste your time hanging around waiting for the approach. Like puberty, you must have suffered enough through the rejection syndrome. Assert yourself and make the move. If you want him, go after it. The ache in your loins tells you that you need some good action.

The Spike is generally good and you should have no problem meeting the guy who is equally turned on to you. If not, it's still early by New York

(cont. next page)

## SOMEBODY and SOMETHING (cont)

standards. Get your hot bod over to the Mine Shaft, which stays open until the early morning hours. It's New York's better action bars because anything can happen. No tourists here and there is a dress code: strictly leather or denim. A cover charge includes a drink. The bartenders are always smiling. The mood of the front bar is to work your head up to a good level. You'll quickly get adjusted to the lights and the types of people there. No nonsense. You can safely check your leather duds and more clothing if you really want to get comfortable. There usually is a hunky dude along side the bar, sometimes handcuffed and ready for water sports if you need to go. Or, if your act is to be on the receiving end, there are enough guys there to accommodate your needs.

Wander into the back middle room and observe some more action. A mine shaft staircase located in the center of the room leads you down into the depths of more action. You can hear faint moans of pleasure with a mixture of slaps on bare flesh. However, before your curiosity begins to empower you down into the shaft, note the sling in the corner of the faintly-lighted room. Surrounded by a wooden post structure, the sling is a leather seat supported by links of chain hung from above the wooden frame. On the floor below is an ample supply of crisco. There is usually a guy waiting for the opportunity to use the sling for fisting. Again, if your head is where you want it to be at and you need a helping hand.....well, the sling awaits. If there is an element of exhibitionism in you, be prepared. A crowd usually gathers 'round the sling to either watch the action or take part in some manner. There might be a dude tied up in the rafters of the wooden frame upside down performing feats of sexual acrobatics. For here at the Mine Shaft, anything goes. When the crisco runs out, a smiling bartender is eager to hold out a can to resupply the event.

You'll find other eager young guys waiting for water sports activity. The enticement is heightened especially when the bartender makes the announcement,

"gentlemen, this man kneeling in front of the bar has had 21 piss loads and is still thirsty. A free beer to anyone stepping up to the bar and accommodating him." Needless to say, plenty of beer is either given away or sold at the Mine Shaft.

Down below in the depths of the shaft staircase, there is plenty of activity going on. Several groups of orgies are really getting into it. You become aroused when a smiling blue-eyed tall guy stops to encourage your moves, especially if he's clad in a jock strap, a hard hat, and construction boots. A snort of poppers and you're in tune for whatever happens.

Of course if your into groups and different erotic trips as a result of light or heavy S&M, the Mine Shaft is a great place and perhaps addictive if you want to make it there two nights in a row. However, if you're a one to one person and want to enjoy your own scene in private, the Mine Shaft is a great place to meet someone with like interests.

There is an overall revival in the behavior of New York types. Up-tight pretentiousness is on the wane and more hot, virile and downright sexy guys are appearing on the scene along the famous "leather mile." No games and plenty of good fun are in store for you. The experience is good for at least three days. It's healthy when you want to release your inner feelings and sexual needs. Then, you can return to the little home town feeling refreshed, pleasantly exhausted, and ready to face everyday's reality.

New York is hot and ready for you!

---

### HERBIE'S RAMROD CELEBRATES FIFTH

HERBIE'S RAMROD ROOM will celebrate its Fifth Anniversary on Sunday, March 6th with an afternoon buffet and drinks. Herbie is an Honorary Member of ENTRE NOUS and he has enjoyed five good years with the Boston clubs. The VIKINGS MC are now the resident club and host their own club nights every Thursday. The Ramrod Room is also included as a major stop for the EQUINOX '77 Run.

Come celebrate the Fifth Anniversary on March 6th as a guest of Herbie Zangari. ENTRE NOUS wishes him well.

...by Paul C.

The AMCC affair is, indeed, not a dead issue nor should we stick our heads in the sand and pretend its non-existence. Norman O.'s comments in last month's issue of WHEELS MAGAZINE illustrated some excellent points. In essence, there is a possibility for dialogue with fresh meaning and purpose of an AMCC or an equivalent type organization. A fresher approach to new guidelines while respecting the rights, privileges and sovereignty of each club is very possible. At least, ENTRE NOUS should be ready for it. The desire and motivation is there for the other area clubs to get together and discuss the overall situation. Pretty soon, we can expect our door to be knocked upon for inclusion in any discussion toward newer solutions to the AMCC and possible re-admittance into that organization. ENTRE NOUS is on record at considering its membership when new rules and regulations could be made within the AMCC. It did so in its letter when the Club resigned its membership from the Council.

ENTRE NOUS should be ready for discussion taking into consideration new articles of agreement, run date co-ordinating, and our relationship geographically with other clubs. As stated in our editorial, we see some positive steps being made between the New England clubs for closer ties and more harmony. The climate is ripe for discussion.....and frankly, I'm willing to participate in some preliminary meeting of club minds.

### THE SHED INCLUDED ON EQUINOX RUN

Thanks to the efforts of Dick at The Shed, the EQUINOX Planning Committee decided to include that famous watering hole as part of the traditional Poker Stop.

The Shed will soon observe its sixteenth year as a leather bar in Boston. It is the patriarch of L/L bars and once served as home base for the VIKINGS MC. ENTRE NOUS is planning on a big buffet there as part of the run activities as the Shed management is looking forward to seeing its old and new friends. Happy Anniversary to the SHED.....Thanks Dick!

 CONSITUTION & BY-LAWS: Steve Blinder  
 FOOD CHAIRMAN: Chuck Buckjune  
 ASSOCIATE LEADER: Woody Moulton

# POSTSCRIPTS ---

Welcome back Bob C. from your European travels. The leather stories should be written up for all to read. ...George G. recently called Chuck at the Eagle while in Albany to find out when the next run in Montreal was being held. Good ole "Uncle" George should get the club's Diplomat of the Year award. His recent award was that of receiving associate membership in HELLFIRE.....speaking of honors, we offer congrats to John H. who got a whole page dedicated to him in the VIKINGS MC LONGSHIP which was published for BO2.....Bob E. gets to have the honors by being the Captain's guest for dinner. Thus far, Woody M. and Ed R. made the outstanding-member-of-the-month-dinner-list.....Paul C. and George G. showed up for an FFA loft party with helping hands of course.... Dick LeM., you need a new typewriter ribbon.....Bob A. is setting up guest housekeeping in Provincetown.....Bob LaP., we hope you're feeling okay these days. Gotta cool it boy..... Good to see the gang at NINE PLUS CLUB with smiling faces. We can expect a few of them to arrive for EQUINOX. The Lanyards plan to drive from Toronto to Montreal, pick up MC KEMO and head for Boston.....Ed and Roy and Robbie had a great trip to Florida and raved about the BROTHERS MC and their gracious hospitality.....comments: Thumbs down on the Windward Motel in Miami....David S. and Tony M. winged there way to Mardi Gras in New Orleans. The Captain intends to go to the Spring Sabbath Run. Any riders?.....Little Howie O. showed this leather-decked dude from Montreal who was topman. Go get em Howie..... ..Tom C. is quietly conceiving a show for P-TOWN '77.....Jim K. is keeping it cool to collect a hot claim..... Despite another shattered pane, the John Hancock Bldg. received the EQUINOX planning committee for a previewing.... ..Art T. received a new skillet for those smart brunches he's about ready to prepare, even though he doesn't know it yet.....Thanks Bob E. for the St. Patrick's Day sign...great arteest! ..Ray A., are you ready for another great show production? I'll rehearse my lines while chomping on King Crab

along the waterfront in San Francisco.... ..NOTICE: The Captain will be out of town in S.F. from March 2nd-9th for a brief respite f----- his brains out..... Note: E-Board members - will meet March 10th prior to the general meeting on March 13th.....Joe S. of the VIKINGS MC will be our bartender for the brunch/meeting at SOMEWHERE at 1:00 pm....Somehow, Joe always manages to catch an ENTRE NOUS meeting.....Dues are NOT tax deductible yet. Steve B. intends to get our legal house in order.....Thanks to Bob A. who will have his truck available for EQUINOX work. And, Ed H. is taking the week off to give a helping hand. Faithful Chris M. has offered his services for the run.....computerized registration...now that's cadillac....

A TFL club (sounds like a ladies auxiliary) was loosely put together. Does this mean that ENTRE NOUS' Captain must get married to send a TFL out for the night?.....Dennis B., tell us about that house party in New Jersey....Winging their way to the VIKINGS BO2 were associates Dennis and Bruce, Roy I. and Skip and Fred along with Fred L..... ..Somehow, Woody with all his grace and charm escorted the daughter of the Hotel's Mrs. B. to Herbie's Ramrod around the corner.....WE NOW HAVE THE LYRICS TO THE CANADIAN ANTHEM...remember those days when we would sing Oh Canada, mhm mhm mhem, mumble, mmmm and look stupid not knowing the words. Well, look out neighbors to the North. This year's tribute to your national colours will ring out with resounding voices....And speaking of subjects of Her Majesty, we understand a number of club members plan to wing their way to the Silver Jubilee to observe the mum's birthday..... ..What could we title Colonel, the new puppy...CORPORATE MASCOT EMERITUS with lifelong privileges to everyone's cans of crisco.....Congrats to Bill S. of THE VOYAGERS who won the raffled run book to EQUINOX.....Thanks Alan M. of the THUNDERBOLTS MC who presented our Boston Cream Pie and Run Book for raffle at BLOW OUT. Both tok in \$55.00 and the entire auction brought over \$2,000. for a local Washington D.C. charity.... ..ENTRE NOUS is indeed grateful for the assistance shown by its associates... ..Robbie did not get those blisters from illicit carrying on....Those are genuine Florida sunshine fever uglies.... ..see y'all at EQUINOX - especially at Maude's Party, hee, hee!.....
