A MESSAGE FROM FREYR

During the past year there has been a great deal of talk concerning the proliferation of runs. Last winter, as a trial venture the Vikings M.C. joined with the Thunderbolts M.C., and Wheels M.C. in a joint run. Wintertrio was an unprecedented success as a cooperative inter-regional club venture. Unfortunately, it did nothing to stem the flood of run dates presently inundating the calendar. As a concerned member of our fraternity, and as a direct result of the cooperation encountered during Wintertrio, the Vikings M.C. offered to share our long established Lief Erikson run with the Thunderbolts M.C. I am happy to report the acceptance of our offer by the Thunderbolts M.C. Lief Erikson '73 will be jointly and equally sponsored by the Thunderbolts and the Vikings. Finally, to remove the one qualification to the success of Wintertrio and to complete our commitment to limited run date growth, we are prepared to again co-sponsor Wintertrio with our brothers from the Thunderbolts M.C. and Wheels M.C. Next year, however, we are prepared to offer our long established Anniversary run date, BO 2-2274, for the venture. It is hoped that the initiative taken by the V.M.C. will be successful, and will be taken up and expanded by other clubs.

As we prepare for Lief Erikson '73, the summer season is rolling north. From Atlanta to Richmond, then Fire Island and Pennsylvania the outdoor runs are here again. I hope all of you make every effort to attend the summer runs. We need as many members as possible to help hold the Vikings Run Banner high. In reference to summer runs, I would like to pass on some good news about Marathon '73. The Spartans have selected a new run site. On a recent trip to Washington, Glen R. and Bob R. of the SMC took me on a hike around the site. It's a beauty and should make for the best Marathon yet. The road captain has applications for all the summer runs; get yours now. Also, be sure you check off your prospective runs on the VMC run chart.

Since the last issue of the LONGSHIP, many Vikings have rendered yeoman service for the club. Special thanks to: Everyone for your cooperation at Wintertrio; Don J. and Marshall B. for the Bean Supper; Don J. for April Affair (the April Affair raised \$300 for the Community Health Service); David E., Frank D., and George S. for entertainment at April Affair. Russ L. is busy planning our May function--A Jock Party, Friday May 18 at the Blacksmith Shop. Plan now to attend and bring a friend

Fraternally,

FREYR

May 21 to June 20 GEMINI

SAM J June 19, Dave E June 6

You are the restless one. You have a drive to be moving, start new things, new projects, and meeting new people. At first you appear to be cold and distant, but after awhile people find you fascinating. You are expressive and a wonderful storyteller. You are a lighthearted guy, who loves life, but have no patience with moody, self-centered guys. And you are very good with pets. You love to travel, and will have a position in life which will enable you to travel. Your nature is a duel one....you seem unemotional and carefree, but when things go bad for a friend or lover you are the first one at their side. You are a great friend. There are a lot of people that are jealous of you, because of your fine mind, you have a lot of energy and you use it well. You go to the top fast and have excellent executive capacity. As far as sex goes, the quickie is tops. You also have fantastic control of your tongue, and can take care of two at a time, and keep them both happy. You are the most likely of the signs to be in love with two guys at a time. If a person is well endowed in the "tool department", find a GEMINI, for they are interested in quantity instead of quality. You will have to stay at home more to keep your mate happy. If you have a mate that loves parties, very good, your life together will be a mad whirl.

June 21 to July 22 CANCER

Marvin K July 19

You are the most loving of the signs, and very warm and passionate, You love your guys and your "Aunties" as long as they respond to your commands. You can show the sharp edge of your sword if your feelings have been hurt, and your anger doesn't last very long. You are the home body type and your love for your home is your strongest characteristics. You are a very kind magnetic person, and people confide their passionate secrets to you. You are sometimes moody and have a tendency to be a bit morbid, but you snap out of them with a pat on the ass. You find that your ability in judging values and analyzing problems gives you great potential for success in real estate. Guests in your home will always be well fed and at the end of the day they will be licking their mouths after eaten all your "goodies". Love is frequently a whim of the moment for you, and you don't know why. If you fall for a guy, your imagination and feelings come into full play. A happy marriage and home life mean everything to you. You have a "Toolbox" that your partner will long remember. In love you will do anything and everything to satisfy your hunger. Your biggest fear is that you may not please your partner in sex or emotional displays of your ability.

Then there is Hartford, the cold ??? city in the Southern part of olde New England. For a city like Hartford, like Boston, nothing really spectaculular ever happens. They have a tendency to roll up the sidewalks about 10 o'clock at night. But were they in for a surprise on Friday March the 9th.

People started arriving in Hartford that Friday, and registered at the Warehouse, where they met their hosts from the three clubs, the Vikings, Wheels, and of course the Thunderbolts. The first of the Poker cards were given out and drinks and talks then commensed. Followed by a party over the Lib Bar.

After a night of complete rest ??? We started to come out of our haze, and prepare ourselves for the Saturday affairs. It was a beautiful June type day and everyone was looking over the sights of Powder Puff (ooops) Ridge Ski Resort. There were people playing chess, sunbathing, playing horseshoes, and a group of mountain climbers (N Y Levi Guys) climbing the hill. A fun day was had by all. As the sun started to set, we all made tracks back to our hosts, to get ready for the night ahead. We all met back at the Warehouse for cocktails and chatter, and all in all getting warmed up for the dinner and show that was to follow at the Lith. Hall.

Dinner was a masterpiece, whores overies, beef (expensive as hell nowa-days), potatoes, wine ect., all served by waiters from the three clubs involved, under the direction of George S. (Vikings). Then came the show. The Vikings put on a panel type show, I must appoligise for Dear Abby, I freeze up whenever I get confronted by a large group of men. But that was not the case with Ann Landers and Dr. Brothers. Next came Wheels, and as usual they put on a fabulous performance. Then on to the finale. "Slaughter on Eleventh Avenue", will always be remembered as one of the best productions a club has ever put on. Not to forget the Fire-Dance, that was put on, it really was a treat, but I can think of a few other things better to eat than fire. After the show, we all headed for The Lib, after hour parties, or just to sleep. At which time we were to see what the real meaning of The Brig Room was. I hope you bring the whole room up to Lief Ericson.

Sunday was to see a brunch and trophy presentations. There were a lot of worn out people there, but the brunch seemed to liven for the most part all these people up. After everyone was perked up, those who didn't have to leave right away were invited to the Clubhouse for more food and FUN.

Big Bad & Butchy

Let me start off by saying that Phoenicia has suffered a stroke while operating the Viking swishboard. Not really, It was decided that he take a vacation. So as a result, I Ernestine have taken over the duties. As you can see by the header, I have decided to call the column, "Big Bad & Butchy". It didn't take too much effort to squeeze that "u". Busy Buzzie has said that she will help me with this column.

Busy Buzzie here, reporting from Boston, I understand Frank D. has been seen cuming or leaving the South Station Cinema, tickie, tackie. And where has Bill G. been? I know that he hasn't been to the La Grange Baths. The last time I saw him there was in 71, and at that time he was trying to get away from Brenda Star. Here in Boston we are having a Landlady boom. If ever there is a club split-up, I'm sure that they will call it V.M.C.L.L. Viking M.C. Land Ladies. Congratulations are now in order for the home owners in the club. Marvin K., Bill G., Frank D., Joe S., Ken B., Carl B., Dave E., Dick N., Sam J., Skip C. and Sean. It seems like every time there is a run, people can hear wedding bells. Sam J. was your marriage to that Spartan ever consumated? I love the way you two had a wedding toast. But a word of caution, drinking wine from a boot can give you a horrible case of athlete's foot of the mouth. Sam you are going to have to cut down on producing Tiffles. Speaking of Tiffle. Don S. I hope is having a great time in Europe. Tom Mc D, are the only words you know, 1 Sir, 2 Sir, 3 Sir, 4 Sir, ect. ? Well, at least you can count. Is Marvin teaching you? After what I saw on the Entre Nous run, I can say that blonds really do have all the fun. Right Bella? I hear that Atlanta has no meat shortage there. On to Charlestown, Mass. As Carl B. says, on the other side of the Monument tracks". That's where Jim D. lives and that's where some of the best buffet's etc. are served. By the way Jim, I told Phoenicia all about your black and white poker dot telephone. They held a Bean Supper at Don J's. apartment, still on the other side of the Monument tracks. Not only was it a gas, but the Entre Nous that were there had a ball. Where were t he Viking's? Don J and your latest, you really outdid yourselves. That will teach the Viking's to get tied up. You wouldn't believe the April Affair that was held here in Boston. The T'bolts are absolutely out of their tree. If their not building Brigs, their out committing rape. Dean M., I do not belong to F. F. of A. but the beer shower did feel good, any substitutes? There is a member of Entre Nous (Dave), that loves to get into the middle of things, he doesn't need a Brig. Even the dykes had fun there. Speaking of dykes. Bob W. when the Mississippi River goes on a rampage, send them there. Instead of playing pool, they can serve a useful purpose. I go Rollar Skating every Tuesday night at Balla Roux in Medford and I happen to run into Marvin K. and Dick M. (bartender at the Shed). Marvin said it was the first time he had been on skates since 1920, and when I say that I ran into Dick, I mean he ran into me. But they both did very well. Skip K. the next time you are in the Boston area, I would like to do the Lu Jane Tango and the Quick Step with ya.

On to New York, Carlos, I didn't recognize you with your new face. The beard really becomes you. And what ever has happened to Rose Marie B.? Ever since George bounced (coops, he may not like that word) out no one sees very much of her. Busy Buzzie says it is tickie tackie to do business with Cook's Travel. Mona, I really like your new falsies, I knew something else could fit into your mouth. By the way, Christmas is only seven months away. Better start thinking about those Xmas presents. Steve, how was your stay with Jim at April Affair. And I guess that you made a hit with the local truck drivers during the show that Entre Nous was putting on. Did you pick up new ideas? I hear that Artie H. is still mending

his ripped levy's left over from Winter Trio, and are you still wearing those hand cuffs that Jack C. put on? Artie is it true that your club is going to put on Hello Dolly, with you starring as Dolly Levy. I made my monthly visit to New York City and ran into some Thunderbolts. I didn't feel like getting raped so I kept away from them, for at least 2 minutes. I also saw Ski from Boston there. He tells me that on June the 2nd. the Boston branch of the Vulcans will start. Get going filling the bathtubs, and don't forget the Rubber Duckies. Speaking of Ski (Washington) the next time you want to eat, please don't eat in bed. It's a hell of a back scratcher. While I was in the Land o' DeDe, I made it into Ty's on Christopher Street. A very nice place. I also got to Frisbies Jerry D. is the bartender there. Drop in and have a few laughs on him. I wonder, does anyone ever go to Kellers? Speaking of bars. In Providence, that's in R. I., they are attempting to open a Leather Bar on top of the M & B. It has pictures of Fernando and chains etc. all over the walls. Bob G. is supposed to be working there.

Before I forget there is a club in Mississippi area, by the name of Celtics, I realize all the troubles that you have been having with rains and flooding, but do you have to past all the rain into Massachusetts. Remember, I think we can supply the dykes. On closing this message of bullshit, I want to make one thing perfectly clear, that's a quote from our Fuhrer. The next issue will be out on July 1st. (got that Bob R.). And I want to apologize for the way I write. I am not an English major. So bear with me, until I can get together with Frank D. who will edit all this, then maybe we can get a good issue out. And I hope Buzz, there will be more pics.
