PRESIDENT'S MESSAGE

Hello fellow Brothers and Sisters

Happy holidays! It has been busy last month or so, but first we now have a full board with Robert S. Volunteering to be interim Operations Director. Welcome to the board Charles M. As the new Vice President (you have pretty big shoes to fill) and Pup Rocky as Publications Director. Randy B. has taken over as Webmaster and John T. is our Archivist.

I would like to thank John for a fantastic job he did as Vice president for the last 6+ years. His last event before he stepped down was our Toys for Tots campaign and what a fantastic event it was raising \$5000 and alot of Toys and food for the Theresa group. There will be alot of happy kids this holiday season. All of this would not have been possible without the help of the following places and their customers Club 717 in Oshawa, Morgan James and Flash on Church, Pegasus, Woody's and of course Unifor Local 414.

A huge Thank you to everyone. I have put the list of dates together for our general meetings and will be posted in Phalia.

If anyone has pictures from any of the Toys for Tots weekends please forward to pup Rocky or someone on the board.

We will also be posting deadline dates for articles or pictures or anything else in this issue of phalia.

We have booked March 18th as our anniversary dinner and more information will follow.

I would like to wish everyone a Merry Christmas and Happy NEW Year and stay safe.

VICE-PRESIDENT'S MESSAGE

Greetings to all of you.

This being my first communication with you, I want to express my thanks and admiration of the hard work of our past Vice President and Public Relations member representing Spearhead. John and Scott set the example I hope to follow.

I already know that I have a lot to learn meeting with our sponsors and host for our events like the food drives and Toy for Tots and I also seek to meet with other groups to remind the community that we still exists and the work that we do.

If any of you have suggestions for different locations for our meet and greet events, I look forward to hear from you.

I hope that your holidays were great for you and if you see me on Church Street, Stop and say hi.

ARCHIVIST MESSAGE

Good day

Recently I found myself as the Archivist of Spearhead and not the Vice President and I am reminiscing while sorting through the stuff and begin the task of photographing every item. If you have any interesting articles, videos, posters, or photographs from days gone by that you would like to pass along for prosperity, now is the time to do so. I will return the photographs and videos to you after I have finished copying them and will post interesting articles and finds when I submit my article.

What is Spearhead?

If any mystery surrounds THE SPEARHEAD affiliation of Toronto, it likely originates in the minds of those who know little about the gay denim/leather community, understand even less, and probably imagine the worst. The uninformed will tell you, with feigned authority, that these "leather types" might invade your home, forcibly steal you away, and in some hidden place subject you to sexual horrors and bodily harm beyond imagination. One suspects that such fantasy stems from an earlier period when black leather and well-faded denim were the exclusive uniform of outlaw bikers. Certainly the older generation will confirm that "that's the way it was," according to the movies and paperbackbacks of their day. How times have changed. Although the same "uniform" remains the accepted and recognized attire for serious bikers all over the world, it has also become the wardrobe of that segment of the gay community that tags itself as the denim/leather fraternity.

THE SPEARHEAD is such a fraternity.

Based in Toronto, THE SPEARHEAD membership approximates 70 men, all of them are acknowledged participants in the "denim/leather scene."

The phrase stimulates imagination and curiosity: what is the denim/leather scene? Is it an S/M trip? Is that what THE SPEARHEAD is all about? What kind of people are members? Are they into drugs? Are they simply a big drinking/sex group? And on, and on.

Although answers to the questions often prompt new questions which inadvertently remain unanswered, THE

SPEARHEAD profile is certainly one of the most interesting success stories within

Toronto's gay community, if not all of Canada.

In denim/leather circles, THE SPEARHEAD is a bit different. It is not a "club" in the more familiar interpretation of the word. It is an "AFFILIATION," its prime purpose being to "identify" men who prefer the unique camaraderie and macho posture associated with the denim/leather world.

Although structured, with elected executives and assorted working committees, a man accepted into SPEARHEAD membership is not obligated in any way to actively participate in affiliation projects or business matters. Nor will he jeopardize his membership through failure to attend affiliation meetings or functions. On the other hand, if he chooses to become involved — to give of his time, interest, and assistance — there are abundant opportunities to do so. These are the differences that have made THE SPEARHEAD concept so desirable to so many.

Is SPEARHEAD a promoter of S/M activities? Not according to THE SPEARHEAD CONSTITUTION and not according to the Executive and Directors, whose responsibility it is to represent its members and SPEARHEAD policies. Nonetheless, with over 50 members from all avenues of life, it would be folly to insist that S/M games do not take place. THE SPEARHEAD executives are the first to acknowledge the denim/leather crowd tends to attract some people who lean towards anything from simple nipple play to master/slave boot worship.

However, SPEARHEAD control is quietly there. Members know that any untoward behavior, private or public, which brings embarrassment or shame to THE SPEARHEAD name,

can lead to expulsion from the affiliation.

The same policy applies to the use of drugs. THE SPEARHEAD will not tolerate the presence of drugs at its events and functions. "It's impossible to police what people do in their own time, away from SPEARHEAD. But any member exhibiting a SPEARHEAD patch, or present at an official SPEARHEAD gathering, who is found to be in possession of any unprescribed drug, is the hottest target of all for dismissal from the organization."

There's a refreshing community awareness within THE SPEARHEAD affiliation. Contrary to popular opinion that denim/leather groups are interested in no more than parties, booze and sex, SPEARHEAD has become increasingly involved in charitable projects. Its contributions to the surrounding community, both straight and gay, are already noteworthy. Over the past twenty-plus Christmases, literally hundreds of toys (as well as cash donations) have been acquired and distributed among needy families. Money has been raised for local AIDS charities as well.

What else do SPEARHEAD members do? They socialize with their fellow colleagues at scheduled general meetings; they hear, first hand, details of future plans and activities and can voice their views. A newsletter is sent out to each member apprising them of current happenings both within the affiliation and with other clubs both locally and internationally. They support enthusiastically their annual Labour Day Weekend "Run," ROUND-UP, a three-day weekend out-of-town, in the northern country, where brotherhood and fun combine to make it purportedly one of the best Runs on the North American Continent.

SPEARHEAD members range in age and represent almost any profession that might come to mind. For many of them, SPEARHEAD is their first denim/leather connection. Others also belong to smaller, more family-type denim/leather clubs.

The close fellowship exhibited by SPEARHEAD members is truly unique in the Toronto gay community. It is unlikely that you could match it in any public tavern, lounge, disco, or private party. It undoubtedly comes from years of practice, trial and error. Besides, they are Toronto's original, oldest, and largest denim/leather organization, and are mighty proud of it.

Underneath that black shiny leather or well-weathered jeans... or the grey sweatpants ... THE SPEARHEAD member, whether biker or beer hall cowboy, is found to be as human and interesting a man as you will meet anywhere. You may not agree with all of his tastes — chances are you will, with many of them. So don't be shy when you see a member wearing SPEARHEAD insignia. Walk up to him, talk to him. Who knows, you just may make a new friend and learn first-hand what it's like to be a SPEARHEAD.

WE'RE STILL HERE

SPEARHEAD IS AN AFFILIATION OF 'LIKE-MINDED' MEN ORIGINALLY FOUNDED IN 1970 WHEN 'LIKE-MINDED' MEANT AN INTEREST IN WHAT IS CALLED THE LEATHER-DENIM SCENE.

BECAUSE OF ITS' STRONG ORGANIZATION BASED ON A FIRM, BUT OPEN-MINDED CONSTITUTION, SPEARHEAD WAS SOON PROVIDING SOCIAL OUTLETS FOR ALL OF THE TORONTO GAY COMMUNITY.

WE SPONSORED THE FIRST GAY DANCES IN THE COMMUNITY AS WELL AS BOAT CRUISES, HANLAN'S POINT PICNICS, BOWLING, BURGER AND BEER BASHES AND, OF COURSE, OUR YEARLY ROUND-UP - A GATHERING OF PARTY SOULS FROM CANADA, THE U.S.A. AND EUROPE.

WE HAVE ALSO BEEN INVOLVED IN A LOT OF CHARITY WORK WITH OUR TOYS-FOR-TOTS DRIVE AT CHRISTMAS AND EXTENSIVE DONATIONS TO WORTHY CAUSES SUCH AS P.W.A. AND CASEY HOUSE. IN FACT OVER THE LAST COUPLE OF YEARS SPEARHEAD HAS DONATED OVER \$12,000 TO THESE AND MORE CAUSES.

WITH THE GROWTH OF THE TORONTO GAY COMMUNITY AND ITS' MANY ORGANIZATIONS, SPEARHEAD HAS WATCHED OTHER GROUPS STEP IN AND WE ARE DELIGHTED THAT SOME OF OUR EARLY IDEAS WERE USED TO MAKE SUCH THINGS AS THE GAY ALLIANCE DANCES BIGGER AND BETTER THAN EVER.

WE ARE 21 YEARS OLD, BUT WE ARE STILL HERE. IN THE MID-SEVENTIES OUR MEMBERSHIP WAS NEAR 130, CURRENTLY WE STAND AROUND 85 BUT WE ARE STILL GROWING.

WE'RE STILL HERE AND WE'RE ANXIOUS TO SERVE THE COMMUNITY IN SPEARHEADING NEW IDEAS. WE ARE CONTINUALLY RE-ORGANIZING OURSELVES WITH THE CHANGING TIMES AND LOOKING FOR NEW IDEAS IN WHICH TO SPEARHEAD!!!

THAT'S WHY WE'RE STILL HERE.

OTTAWA KNIGHTS

TOYS 4 TOTS

ANOTHER SUCCESSFULL TOYS FOR TOTS

The Ottawa Knights held their 44th Annual Toys for Tots Campaign on Saturday, December 10, 2022 at T's Pub, the club's home bar. True to the big hearts of the GLBTQ+, Fetish and Leather Communities in our region, it was a huge success.

This year the Club raised \$410.00 through the generous donations from the patrons and club members at T's Pub.

The club also managed to collect more than 580 toys, 500 of these were teddy bears donated by Pat Labrie. The Ottawa Knights greatly appreciate the kindness of so many kind people in the Ottawa and Outaouais regions at this time of the year.

Elizabeth Gould, Social Worker with the Family and Children's Services of Lanark, Leeds and Grenville was thrilled when she arrived, all the way from Perth, to collect the toys and cash from the Toys for Tots fundraiser. "The Ottawa Community and the Ottawa Knight's generosity will forever be in our thoughts and as well as for the families who will benefit from your efforts in the Perth, Carleton Place, Smith Falls, Kemptville and Brockville regions. We will be gifting over 1200 children and families this year and the cash and toys you have collected will ensure that happens. All of the staff at our Family Services office can't thank you enough."

After more Holiday wishes, hugs and handshakes, Elizabeth left for the journey home.

The club will host the 45th annual Toys for Tots Campaign in 2023. The Ottawa Knights thank everyone for their continued support.

Ron Gullis
Spearhead

Dear Ron and Members of Spearhead,

Thank you once again for making generous donations of toys for the children, food for the families and a cash donation to The Teresa Group. During this holiday season we gave 125 children a toy, 95 gift cards to teenagers and a 105 food bags for the families we serve. Your support means the world to us and the children and their families we serve.

Although great progress continues to be made in the pediatric and adult medical treatment of HIV, the psychological and social stigma surrounding it creates significant anxiety, stress and isolation for children and families affected by HIV/AIDS, who use our services. For them, The Teresa Group is a lifeline.

Your gift helps us work with hundreds of children and their families affected by HIV/AIDS to provide the practical and emotional supports they need to truly thrive.

We are grateful for your continued support and truly thank you for your generosity.

Sincerely,

Rajesh Pisharody

BY CHARLES MACPHEE

Bench for three

The boy and I decided to attend a fetish event in one of the local clubs to add a bit of spice into our relationship. I knew that the event was a time that I could be in my leathers without worrying about how I looked and he enjoyed them since it allowed him to be the true extrovert that he was when he was relaxed.

Of course the Boy was in his standard leather gear. Chaps, jock harness and bar vest. He always described it as the best choice to show off his various assets but I saw it more as him teasing me with his firm ass freely accessible. Either way, he was in fine form with a leather wedge cap and a locked steel neck chain adding to his boyish looks.

I had been rather careful in what I wore tonight just in case the Boy wanted to get fucked near the end of the night. My double zip shorts fit snugly under my chaps and the grey shirt was a nice tight fit under my bar vest. My tall lineman boots completed the look without being too intimidating even with the muir cap in place.

Before the draws, the place was packed with a wide variety of gear, military dress uniforms, rubber, PVC track suits and a wide blend of leathers and some denim with tall boots. Now that the draws had happened, the crowd had thinned a bit and I felt that I could relax a bit and people watch for a bit with a cold drink. At the moment, the Boy was chatting with the host of the event but I noticed that he was glancing in my direction and in the direction of another man whom I had met earlier, named Corbin.

Dressing in full black leather, Corbin was leaning back against the far wall of the bar. His short sleeve shirt full open showing off his chest, specifically his pecs. I knew that the Boy liked nipple play both giving and receiving and the view was certainly an inviting one. Before seeing if he wanted to play, I decided to hit the bathroom and offload the drinks from earlier on. Along the way, I passed the area set aside for play containing a sling, a flogging bench and a dance pole between them. They had set up a sling in one corner which was in full use by a trio of men. The one in the sling was getting sucked off by another who was having his ass eaten out and fingered by the third. They all seemed to be having fun and did not need another. The opposite corner was the bench which at the moment was not in use. The pole was in use in a very creative way as a bondage device. The man was tied with his hands above his wedge covered head, blind folded with his leather shirt open and pants down to his knees. With the pole running down his back, his semi hard cock was on display sticking out of his blue jock. The man standing behind the was motioning me to have a taste or fondle of his partners cock. I gave him a knowing smile and headed to relieve myself.

I decided that on the way back to take advantage of the offer. I first ran my gloved hand along the underside of his cock and balls before I gave his balls a gentle squeeze. He shivered a little when I ran my tongue along his ball sack and the length of his cock before slowly sucking it into my mouth. I did not service him long since this was more to tease him than to get him off. As I left, his cock was fully covered in spit and I watched as he ran his tongue along his well groomed moustache. His partner nodded his approval as I headed back into the main bar and my drink.

Once I was seated I saw that the Boy was chatting with Corbin and caressing his pecs. I knew that the Boy like to give and to get some attention to his nipples and he was seeing if Corbin was receptive to that form of foreplay. The grin on his face told me that he was enjoying the attention and reached up to give my Boy's left nipple a squeeze which in response.

It was good to see the boy playing well with others and I almost joined them but I hesitated not wanting to interrupt them. After a couple of minutes they separated and the Boy wandered over to the seat next to me and grabbed a sip of his drink. "You look like you are enjoying the night?" I asked. I got a nod and a bit of a guilty grin. I may be his Sir but I do allow him some freedom during social events. In a way I already knew the answer to my next question but I though I should ask it. "Getting horny Boy?" again, another nod and being the ever resourceful one, I had made sure that I packed everything that was needed to sooth the Boy's itch.

I told him that there was most likely a space in play area that we could use and if he wanted we could include a third to the scene to add something special. He thought about it for a second before smiling and nodded his agreement. I knew who he wanted and I certainly agreed with him.

As the Boy wandered back into the play area, I approached Corbin to see if he was also interested in a bit of fun. I explained what I was thinking in general terms and if he was interested, he could be an active member of the scene of just be a voyeur if he was in any way uncomfortable. As we talked I ran a gloved hand across his chest brushing each nipple gently. He had just one question, "Do I like to kiss?" I grinned and decided to demonstrate that enjoyable act.

I started slow, put my lips against his before I started to wrap my arms around him. Then, kissed him with our chests and hips pressed together. My tongue parted his lips as I released him from my embrace and shot him another grin. With that, he decided that the idea was a good one and we both headed back toward the play space.

We found the Boy kneeling next to the bench with his hands clasped behind his back. I motioned him up so that I could give him the same type of treatment that Corbin had just experienced. The Boy loves getting kissed and I usually add a bit of nipple play to the mix which really gets him going. I had them on either side of me, kissing one, then the other with a bit of attention to the nearest nipple. I noticed that they did kiss each other but concentrated on the others chest instead.

It was the Boy who decided it was time the show to really begin when he reached down and open both of the zippers on my short. With the flap down, he had access to by balls and cock.

He decided to mount the bench so that it was easier for him to slowly lick my balls before sucking my hardening dick. I gave Corbin's crotch a squeeze to see how hard his dick was as the Boy continued to work on mine. I half expected that he would unzip and tease the Boy with his hardening member but he seemed to be waiting for something. I was getting rock hard and it was time for me to give the Boy a bit of attention.

With the Boy on his stomach on the bench, his cock was pressed into the padding on the bench and not really easy to reach but, his ass was. I let my cock slip out of his mouth before I walked to the other end of the bench and began eating out his sweet muscled ass. The boy

saw the leather clad crotch of Corbin with its growing tent being waved in his face. As I tongue lashed the Boys hole I saw that he started to lick Corbin's crotch with a soft moan. I removed my gloves, pulled out the bottle of lube from a vest pocket and readied his hole for the next stage by lubing up two fingers and pressing them into his tight hole. He moaned louder as I coated his hole with lube. He knew that I was going to fuck him. I told him to flip over onto his back so that he could watch me fuck him and allow Corbin to be able to play with the Boy's nipples as I plowed his hole. I decided that before I mounted the Boy I would make sure that he was rock hard by orally pleasuring him first then coating his cock in lube so that I could jack him off with every trust into his ass. With the Boy's ankles on my shoulders to support and balance him I slipped on a condom and positioned my cock right against his hole. I grab his cock and slowly filled his hole with my hard member and paused to ensure that we were balanced and the Boy got use to my girth. The one thing with the Boy doing a bit of lower body strength training, his hole seemed tighter than normal and I think he felt every inch with my balls resting in his ass crack. I felt him relax a bit and I slowly pulled out till just the tip was inside before refilling his ass. The Boy was loving this. He really was the centre of attention tonight. Corbin had unzipped and hauled out his cock and balls. His semi hard cock was inches from the Boy's mouth which he could have inserted between the Boy's parted lip but, he decided to torture the Boy's nipples instead. As my thrusts got quicker I grabbed the Boy's thighs and continued to fuck his ass. His moans told me everything I needed to know, he was enjoying this fuck. The Boy started to jerk himself off as I continued to pound his ass. I saw that Corbin had shifted slightly, playing with the Boy's nipples with one hand and stroking himself with the other. I must have hit his prostate since the Boy started cumming with a louder moan. As his ass tightened with each spasm, he caused me to cum mid stroke. As his load started to pool in his navel I bent down to kiss him before slowly pulling out. As I did, Corbin added his load to the Boy's chest.

I headed to the bathroom for some paper towels to clean up the three of us, I saw Corbin plant a long kiss on the Boy's lips. With the three of us cleaned and the bench sanitized, we headed into the main area for a round of drinks to toast the completion of a great scene.

HOW I GOT INTO BONDAGE

By Pup Rockey

Hello My Brothers and Sister. If you don't know already this is Pup Rockey. This is going to be a story on how I got into the kink bondage scene. It all started when I was a twink in my Dad's eye LOL just kidding. So let's begin.

It all started when I was young around the age 17. I first looked on the internet while watching videos. Then when I turned 18 I went to my first adult store, I went in and the first thing I said when I saw the store and kink gear was, Are these people nuts lol. Then a few months later I found a website called fetlife. I made some new friends and helped me get into the scene. I met one person that lived close to me. He showed me his gear which he makes. I was like wow those are very cool. I said you think I could try he said of course you can, I was a very excited person. He put me into a hazmat suit then strapped me to his bondage chair. It was an amazing feeling, all bound and not able to move. I fell into the bondage scene instantly, I had the pleasure of playing with a couple of more times before I moved. This part of the story took place back between 2006-2012. In Ottawa Ont.

My kink side didn't really take off till I moved to Kingston Ont. That's when I started living on my own. So I had my freedom and I started to buy some kink gear. My first piece of gear was my latex catsuit. It was an amazing feeling, it feels like second skin also like a little hug putting it on. The next piece was my latex puppy hood, as you all know I'm a puppy lol. Then after well I just started buying lots more, and playing with my Alpha being bound and unable to move. The last big piece of gear I bought while living in Kingston was my sensory deprivation hood, all leather and unable to see or hear is a great feeling. This is a short story when I lived in Kingston from 2012-2016.

So this part of the story starts from 2016-now. So in 2016 I moved to Toronto. I'm glad I did, so much to do here and so many kinky people too hehe. This is where my kink/bondage really took off, I am closer to more kink stores where I buy most of my restraints. Ever since I moved here I have bought lots more gear like, my 2 S10 gas masks, my electro kit and another latex catsuit. Some of my gear comes from the EU like my catsuits and inflatable bondage mitts. MY collar which comes from the U.K. There. Is one person who has really got me going and getting more gear, or more gear in the future is my Sir. Some of his gear is just awesome, He has let me try some of his gear and I said I want one now lol. Also part of my gear my fetish heels. I just love wearing my heels even in public. It just feels great to walk in them. One of my favorite pieces of gear is my latex vacbed. It is just an amazing feeling to be in. Once you're in and all the air is sucked out it really feels like a very snug hug even though you can't move an inch it's still lots of fun. Another fun thing I like to do is mummification in duct tape. I love doing it to someone, or someone doing it to me. It's a great feeling and would recommend trying it.

Other stuff I like during bondage is breath play, teasing, toys, and many more but too much to on here hehe. Another big favorite of mine is been a rubber Drone while being bound. You're wondering what that is. (Well it is when you're all in rubber from head to toe, wearing a gasmask wearing headphones which is playing drone noises or white noises. As well for some people to really get them in the headspace they will use poppers. But you also have to be careful using them too.)

So I think that's about it for now and how I got into the bondage/Kink scene. I know I will get more gear in the future and I will tell you all about it and my play as well. So I hope you enjoyed my story. I hope maybe I gave you a little insight about some gear. Again I want to thank you for reading my story. Till the next.

THE FUNNY SIDE OF LIFE

A LITTLE HUMOR TO LIGHTEN UP THE DAY

A group of Engineering students and their teacher were given free airplane tickets to go on a holiday. Once on the plane the Captain announced that they were on the plane the students had built. Everyone freaked out and rushed out of the plane, except for the teacher who stayed there with calm. When the flight attendant asked why he hadn't left he responded "I know the abilities of my students quite well, this shit won't even start"
